This information is accurate as of 25 October 2022.

PaTH Internships and National Work Experience Program - cessation

This measure will close the Youth Jobs PaTH Internships Program and the National Work Experience Program (NWEPP) from 1 October 2022.

Employment service providers referred job seekers to these 2 programs for voluntary, short-term work trials. Employment service providers will continue to support job seekers to gain work experience in other ways, such as through:

- wage subsidies
- observational work experience
- volunteer work.

The Department of Employment and Workplace Relations is leading the implementation of this measure.

Services Australia has been allocated \$1.6 million in 2022-23 and will achieve savings of \$144,000 over 4 years. This is to decommission the systems and processes that were used to administer these 2 programs.

This measure is not subject to the passage of legislation.

Who does this measure affect?

This affects job seekers who were eligible to undertake a PaTH Internship or NWEPP placement.

When will this start and finish?

This started on 1 October 2022.
