

Application for a Medicare provider number and/or prescriber number for a nurse practitioner or midwife (HW088)

Applying online

If you are an eligible nurse practitioner or midwife, under section 84AAF/84AAJ of the *National Health Act 1953*, and would like to apply for a subsequent Medicare provider number and prescriber number, you can apply online using Health Professional Online Services (HPOS).

To access HPOS you need an individual Provider Digital Access (PRODA) account. If you do not have one, go to servicessaustralia.gov.au/proda to register. Then follow the steps to set up your HPOS access.

To find out more about HPOS, go to servicessaustralia.gov.au/hpos

To apply:

1. log in to your PRODA account to access HPOS
2. select My Details
3. select My digital provider number registration (initial) or My provider numbers (subsequent)
4. select Create a new provider location (subsequent)
5. complete the questions and select submit.

When to use this form

Use this form if you are an eligible nurse practitioner or midwife:

- applying for an initial provider number
- who cannot apply online for a provider and/or prescriber number
- applying for a prescriber number separately to a Medicare provider number.

To find out if you are eligible to register, claim or access Medicare services, go to servicessaustralia.gov.au/hpmedicarebenefits

Access to Medicare

You must apply for a unique provider number for each location and profession you practise in.

Provider numbers are allocated to enable eligible nurse practitioners and midwives to:

- provide services listed under the Medicare Benefits Schedule (MBS)
- refer to relevant specialists and/or consultant physicians, where eligible
- request certain imaging and pathology services, where eligible.

A provider number may be issued to an eligible nurse practitioner or midwife to refer to specialists and/or consultant physicians and to request certain diagnostic imaging and pathology services while working in a public facility.

The provider number identifies the location from which a service is provided. If you are no longer working at a location, you must close the provider number.

Claiming a Medicare benefit

Medicare services claimed must be performed when working in a private capacity except where the nurse practitioner or midwife is employed by, or under contract to, a facility that has been granted an exemption under subsection 19(2) and/or 19(5) of the *Health Insurance Act 1973*.

Medicare services must be provided by a private practitioner to privately billed patients. This means an eligible nurse practitioner or midwife cannot provide Medicare services as an employee of a public hospital or other government funded entity.

The *Health Insurance Act 1973* is available at legislation.gov.au

Eligibility for a provider number
