

Healthcare Identifiers Service

Application to amend an organisation officer's personal details (HW042)

When to use this form

Use this form to amend the personal details of a responsible officer (RO) record or an organisation maintenance officer (OMO) record within the Healthcare Identifiers (HI) Service.

You can use this form to remove, add or amend:

- personal details
- an inactive record.

You can remove, add or amend contact details online through the Health Professional Online Services (HPOS).

Healthcare Identifiers Service

The HI Service is a system that provides a consistent set of identifiers for individuals and healthcare providers. Healthcare identifiers provide a way for you to match the correct records to the person you are treating. You can include them in health records, patient files and other health related information. This improves accuracy when you share health information with other healthcare providers.

The *Healthcare Identifiers Act 2010* is available at legislation.gov.au

Health Professional Online Services

Healthcare providers can do online business with Services Australia through HPOS, including selected HI Service functions.

Some functions you can do include:

- add and update contact details
- search for other healthcare providers and organisations in the HI Service.

For more information about what you can do in HPOS, go to servicesaustralia.gov.au/hpos

Provider Digital Access

You need a Provider Digital Access (PRODA) account to access HPOS. Designed as a 2-step verification process, it requires a username, password and verification code to login. Create your PRODA account at servicesaustralia.gov.au/proda

Additional documents Identifying information

If you are changing identifying information such as your name, date of birth or gender, you will need to provide certified documentary evidence which supports your changes (for example, marriage certificate).

Role of a responsible officer

The RO is responsible for a seed organisation's interaction with the HI Service. Their main responsibility is to make sure the seed organisation, its network organisations and authorised employees comply with the *Healthcare Identifiers Act 2010* and the *Healthcare Identifiers Regulations 2010*.

For more information about the role of an RO, go to servicesaustralia.gov.au/hiservice

Role of an organisation maintenance officer

The OMO is responsible for keeping information about their organisation in the HI Service up-to-date and making sure information about authorised employees is maintained.

For more information about the role of an OMO, go to servicesaustralia.gov.au/hiservice
