Natural disaster payments

There are two payments you might be able to get from Services Australia if you have been seriously affected by a natural disaster. A natural disaster can be a fire, flood, storm or cyclone.

To get these payments you must have worked or lived in an area declared for natural disaster payments.

Australian Government Disaster Recovery Payment

This is a payment that you might get if:

- you have been badly hurt
- a close family member has passed away or gone missing
- the home you live in, or other big things you own like a car, caravan, trailer or shed have been badly damaged.

Disaster Recovery Allowance

This is a payment you might be able to get for up to 13 weeks if you do not get a Centrelink payment and you lose money from work because of the natural disaster.

This could be:

- your place of work is closed due to damage
- you cannot get to work because the roads are closed from the natural disaster.

For more information, you can:

- visit your local Services Australia (Centrelink) service centre if it is open
- talk to Services Australia (Centrelink) if they are available in your community
- go to myGov to make a claim or
- call 1800 136 380.

If you call us, you will need to answer some questions about who you are, so that we make sure it is you.

You can also ask for an interpreter when you call or visit us. We will provide one for free.
